Secretary

August 24, 2022

To the Residents of Colorado State House District 17,

As the largest law enforcement organization in Colorado, representing over eight thousand sworn law enforcement officers in our state, the Colorado Fraternal Order of Police (FOP) is proud to support and endorse Rachel Stovall for election to House District 17.

Rachel will bring much-needed community-based experience and expertise to the Colorado General Assembly, and she recognizes the importance of promoting effective public safety solutions in Colorado. She understands the public safety issues her community is facing, and she is willing to work with law enforcement experts to get her constituents' needs addressed. She values the men and women of law enforcement who work every day to keep Colorado's communities safe, and she understands the challenges their job brings. Rachel will work hard for effective and responsible policies that benefit the communities we serve.

Rachel's perspective on law enforcement and community safety is critical in the General Assembly. She will bring honest and principled leadership in support of her district and residents throughout Colorado. Rachel has worked hard already to listen to the input of her constituents, and we know that she will continue to seek out perspectives from critical stakeholders on the policies deliberated at the Colorado State Capitol.

Electing the right person to serve as a State Representative is a serious responsibility – one that is immensely important to the people of Colorado. Rachel's history of commitment to public service and public safety has earned her our endorsement. The Colorado Fraternal Order of Police supports the election of Rachel Stovall to Colorado House District 17.

Sincerely,

Stephen Schulz,
President - Colorado State Lodge
Fraternal Order of Police
